

Para o ramo “Concha122705” foi editado os ficheiros “TaskListView.java” e “TaskService.java”.

ToDoApp > src > main > java/com/example > examplefeature > ui > TaskListView.java

Q Search for files...

ToDoApp > src > main > java/com/example > examplefeature > TaskService.java

The screenshot shows the IntelliJ IDEA IDE. At the top, the 'ToDoApp' project is open. Below the project name, the file 'src/main/java/com/example/examplefeature/TaskService.java' is selected. To the right of the file name, a summary bar displays: 'Lines: 51', 'Duplications: 0.0%', 'Security: 0', 'Reliability: 0', 'Maintainability: 1', and 'Security Hotspot: 0'. The main editor area shows the first two lines of the file: '1 no-rep...' and '2 package com.example.examplefeature;'. The 'package' keyword is highlighted in purple.
